"We hold these truths to be self-
evident, that all men are created equal,
that they are endowed by their creator with
certain unalienable rights, that among these
are life, liberty, and the pursuit of happiness."
May these pages reflect the spirit of these words.

Memories

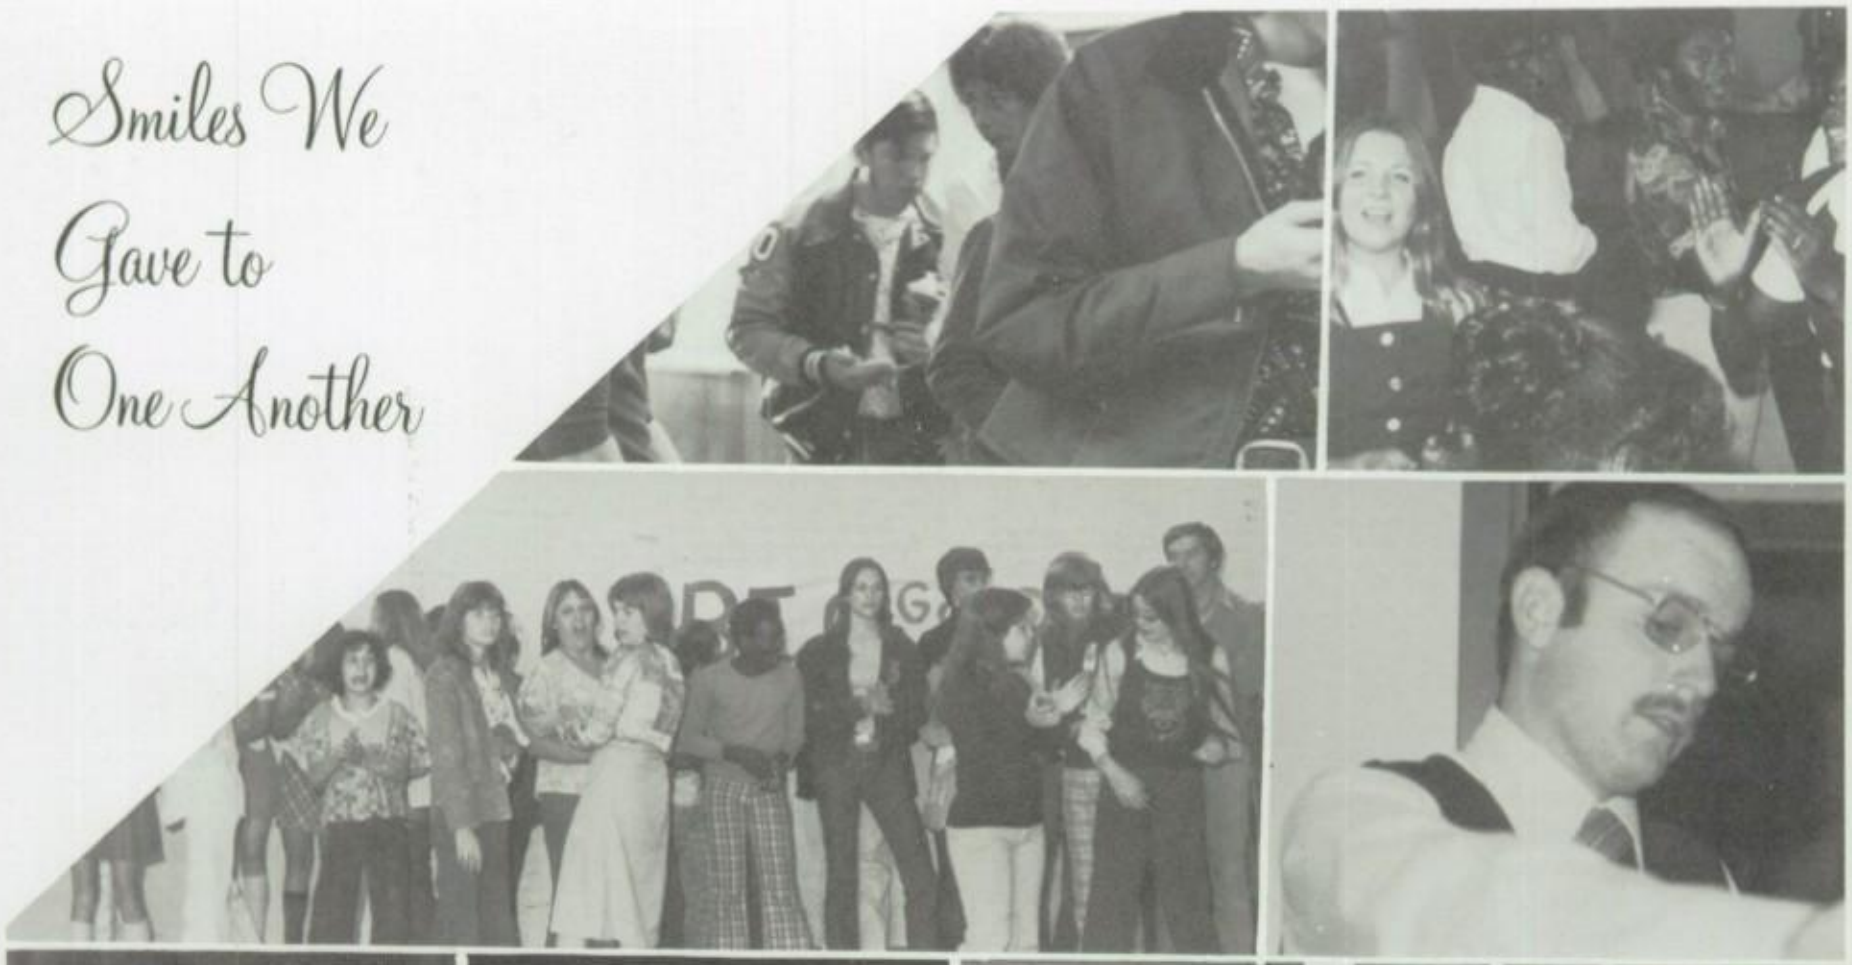
Light the Corners of My Mind

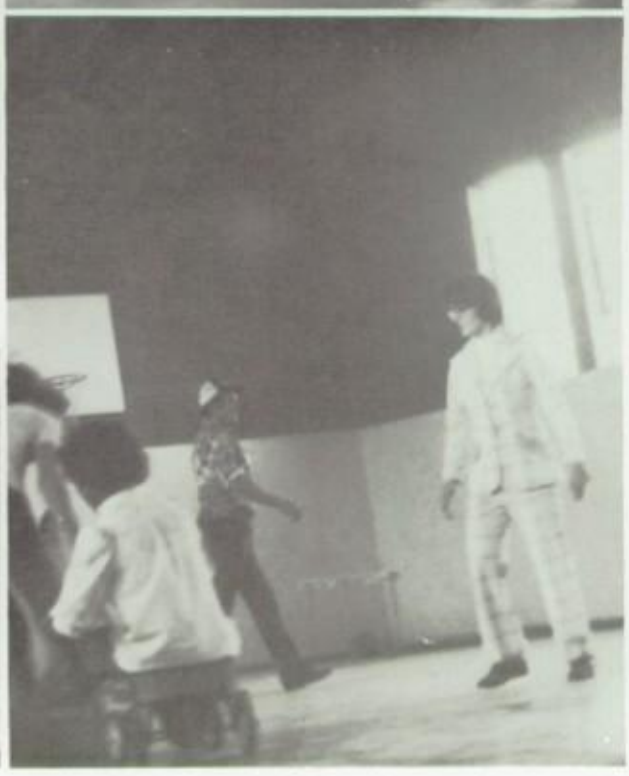
Misty Waters
Colored Memories

Of The Way We Were

Scattered pictures
of the smiles we
left behind

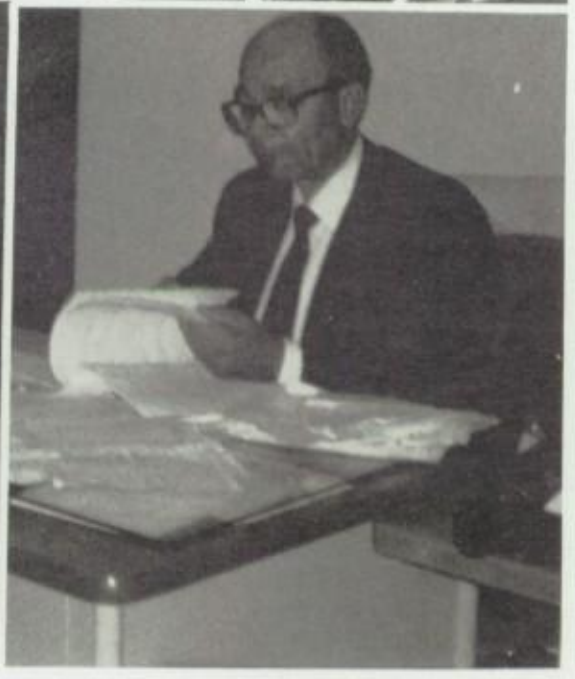
Smiles We Gave to One Another





For the Way We Were

Can It Be
That It Was
All So Simple
Then.



Or Has
Time
Rewritten
Every
Line

And If We
Had the
Chance to
Do It Again

Tell Me,
Would
You,
Could
You?

Memories May Be Beautiful

But We
Tend
to
Forget

For the Way We Were

So It's the Last Time We Will Re-mem-ber

During the past forty-four years, I have been involved in helping to shape the destiny of many boys and girls.

I know of no other profession that has inspired me more than this one.

Forty-four years ago, I began working in the educational field, serving thirteen years as Principal in the Old Salem School District, which was between Arp and Troup.

On August 15, 1945, I came to Arp Independent School District, where I served as Principal of the Arp Industrial High School for twenty-two years.

When Arp School integrated in 1966, I became Principal of the Arp High School where I have served nine years.

I am expressing many thanks to my Superintendents for their understanding, cooperation, and encouragement. I also wish to express my gratitude to the faculty student body, and personnel at large and to the School Boards that have served during our administration.

May I dedicate this poem by Ralph Waldo Emerson to all of you:

Not gold, but only man can make
a people great and strong;
Men who, for truth and honor's sake,
Stand fast and suffer long.

Brave men who work while others sleep,
who dare while others fly-
They build a nation's pillars deep
And lift them to the sky.

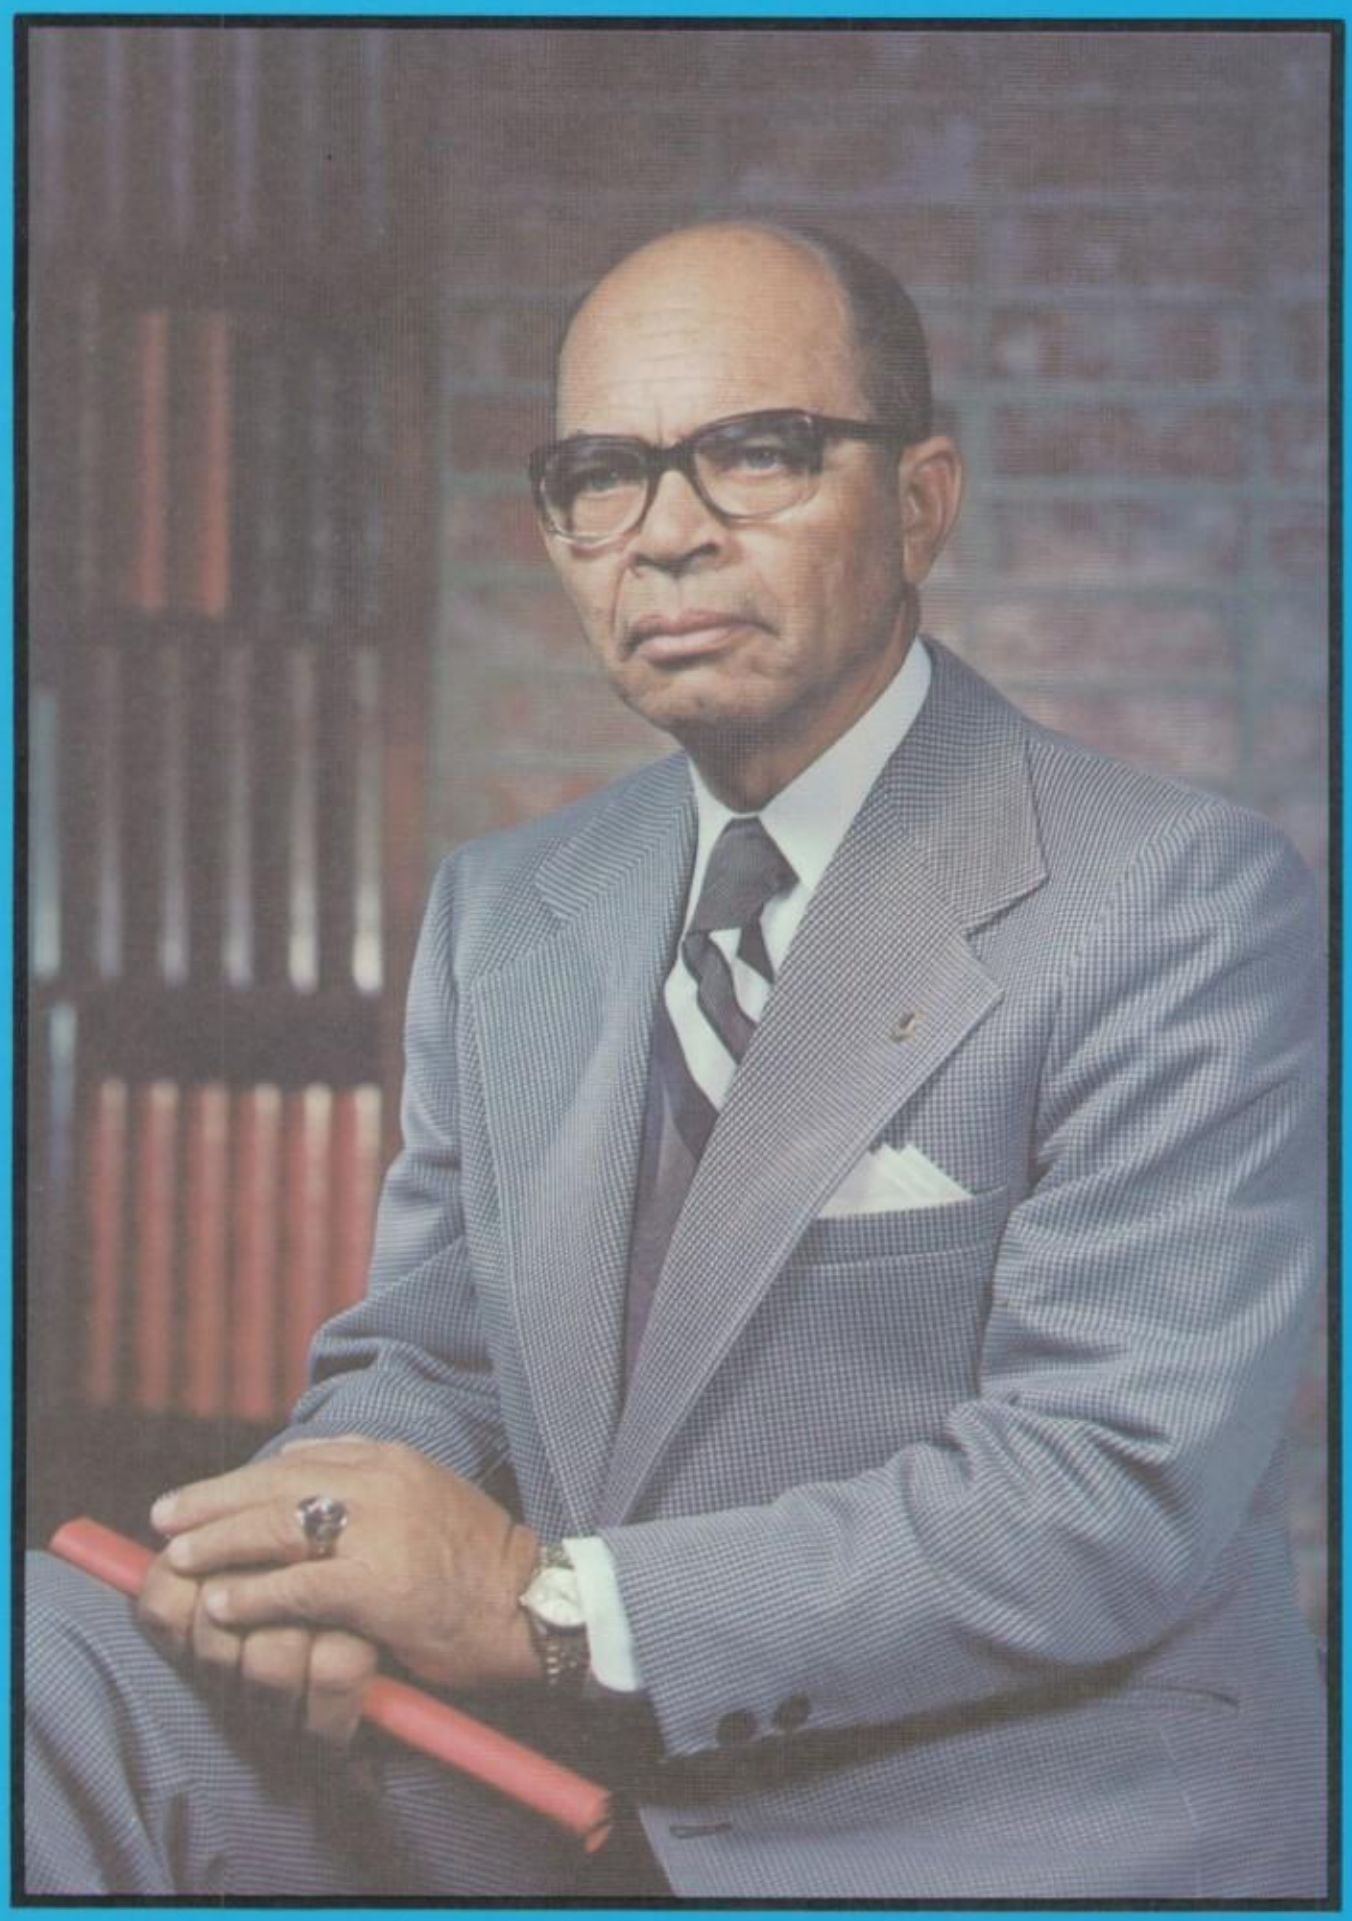
Misty Waters Colored Memories



L. J. Johnson, principal of Arp High School, announced his retirement effective June 30. Johnson a veteran educator of 44 years, relinquished the position he held since 1967.

He began his teaching profession in 1932 at Prairie Lea, a one room school. Johnson reflects upon the one-teacher school by saying "I was all of it." He was later associated with the Salem School before joining the Arp system. In 1945, he became principal of the Arp Industrial High School, a post he held until 1967. In that position, he directed the construction of a Vocational Agriculture Shop and a Home Economics Building, which were erected at no cost to the taxpayers of the school district. His leadership also provided the construction of a new gymnasium, which was paid for through fund-raising activities, except for $4000.00 paid by the district.

Johnson received a B.A. degree from Prairie View State College, and has done post-graduate work at the University of Texas and Texas Southern University.

The 31 year veteran of Arp School is a member of the Texas State Teachers Association, National Association of Secondary School Principals, Arp P.T.A., Arp Lions Club, and the St. Louis Baptist Church of Tyler where he serves as deacon, trustee, and chairman of the finance committee.

In retirement, he plans to pursue hobbies he has long neglected - boating, fishing, and traveling.

Farewell to a Good Friend of Arp High
